

Jesse Carey

Secret Security Clearance

Panama City, US / (954) 770-2827 / jessecarey20@yahoo.com

Professional summary

Accomplished U.S. Navy veteran and defense contractor with 11+ years in technical operations, ensuring quality assurance, and optimizing DoD logistics. Managed \$2.5M+ in classified assets, validated 40+ ordnance builds, and directed warehouse operations for 500+ line items across federal sites. Ensure regulatory compliance, risk mitigation, and cross-functional collaboration with government project stakeholders to guarantee mission readiness and operational excellence.

Employment history

JUN 2024 - PRESENT

PANAMA CITY, FL

Mine Technician V, Applied Technical Systems (ATS)

- Serve as lead technician for multiple mine systems, including QS-ER Mk 64 Mod 5, Mk 62/63/65 Mod 3, CDM Mk 68, and legacy in-service mines for U.S. Navy programs
- Manage \$2.5M+ in classified government assets, verifying condition status, tag generation, and full traceability using RF-based inventory systems, including Intermec scanners and P4T printers
- Perform assembly, disassembly, pre-deployment inspection, and validation for 40+ complete ordnance builds used in RDT&E and fleet evaluation exercises
- Conduct site visits across five states to perform inspection and quality control of 300+ ordnance components in collaboration with DoD stakeholders
- Supervise warehouse operations for 500+ line items, oversee facility layout and equipment staging plans to ensure smooth audits and inventory control
- Operate heavy lift equipment, including forklifts, gantry cranes, and chain hoists, while serving as a certified trainer for Class 1, 4, and 5 lift truck operations
- Lead technical training for junior staff, including structured classroom instruction, procedural walkthroughs, and on-site operational demonstrations

NOV 2021 - FEB 2024

PANAMA CITY, FL

Operations Analyst II, Innovative Professional Solutions Inc.

- Provided direct support for the Hammerhead Torpedo Launcher and Quickstrike Mod 3/ER programs, including hands-on validation, subsystem testing, and procedural evaluation
- Tracked and documented the movement, configuration, and condition of explosive components using government inventory control systems and ordnance tracking logs
- Conducted quality assurance inspections for ordnance builds and subcomponents, identifying deviations and submitting required documentation for corrective actions
- Maintained HAZMAT inventory logs and safety compliance checklists in accordance with military environmental regulations and OSHA standards
- Served as certified custodian for warehouse inventory and hazardous materials across multiple federal storage sites while maintaining 100% accountability

JUN 2021 - JUL 2021

PANAMA CITY, FL

Intern – Ordnance & Logistics Support, Innovative Professional Solutions Inc.

- Supported the ordnance logistics team with administrative review and data extraction for 500+ Maintenance Data Sheets (MDS) submitted for AWARS input
- Participated in training sessions on configuration management, ordnance classification, and procedural compliance for undersea weapons systems
- Assisted with warehousing procedures for mine assets under the QS Mod 3, CDM, and Hammerhead programs, gaining exposure to DoD tracking systems
- Completed security awareness and DoD cybersecurity training, ensuring eligibility for classified work environments

JUL 2017 - JUN 2021
PANAMA CITY BEACH, FL

Operations Expert Supervisor/Instructor (Active Duty), Naval Support Activity

- Directed a port operations team of 23 personnel in the coordination of 300+ boat launch/recovery missions and 65 oil spill response actions
- Operated oil spill response vessels up to 35 feet in support of environmental containment and emergency maritime protocols
- Delivered formalized training on navigation systems, comms procedures, and safety standards to junior sailors preparing for deployment
- Led military funeral honors detail, coordinating ceremonial protocols across multiple counties and liaising with command-level leadership
- Served as command representative for the OSHA Voluntary Protection Program (VPP), contributing to audits and continuous safety improvement initiatives

OCT 2014 - JUL 2017
PEARL HARBOR, HI

Auxiliary Division Assistant Manager (Active Duty), USS Hopper

- Managed all auxiliary ship systems during a 7-month overseas deployment, including diesel air compressors, hydraulic stations, AC units, and water purification plants
- Supervised daily maintenance of critical high-pressure systems while ensuring zero unplanned downtime across mission deployments
- Directed lifecycle overhauls of multiple engineering systems to meet Congress-cited shipboard readiness inspections and operational assessment.
- Provided career counseling and technical mentorship to sailors, supporting a 99% division retention rate over a two-year period.

Technical Skills

WMS: OIS, Intermec RF/P4T, SaaS Platforms	JIRA
Microsoft Office Suite (Excel, Word, PowerPoint, Outlook)	Regulatory Compliance: FAR, DoD Logistics, OSHA
Reporting Tools: Excel dashboards, QC audit templates	Technical Procedure Development
Personnel Training	Heavy Equipment Operation
Ordnance Handling	Warehouse Operations
Quality Assurance
